

PRODUCT FEATURE:

Relationship Science

360° Alerts

RelSci 360° Alerts, a business alerting service, allows you to stay informed and up-to-date on the people and companies you care about the most. Get to know the people you care about even better, increase your chance of winning new business, find reasons to connect and reconnect, and make every interaction warm with smart intelligence.

- 1** Fill in the fields to narrow down your news search. You can search for news in the News Search tab.
- 2** To expand your search to related companies and people, turn on **Extended News**.
- 3** To add individuals to your Watch List or any other list from your news search results, hover over their name and dropdown **Add to** and click **List**.
